What is the New York State Job Bank?

The New York State Job Bank is the Labor Department's main source for job postings and job seeker resumes. It includes over 85,000 job listings that cover a wide array of industries; and contains numerous job seeker resumes that businesses can review to find the ideal candidate for their openings.

Job seekers who use the New York State Job Bank can review thousands of open positions for free. Area businesses can read your resume, and you can get help to find a good job match for your skills from Labor Department staff.

What is the New York Talent Bank?

The New York Talent Bank is the other half of the New York State Job Bank. The Job Bank is where we list job openings; the Talent Bank is where you can post your resume for businesses to review and match against their current openings.
