Recovery happens every day at Ransomville RTC!

Introduction

Ransomville Recovery and Treatment Center is a clinic service that provides a broad range of mental health services to meet the needs of adults with a diagnosis of mental illness.

We take a person-centered holistic approach to recovery. We are not just treating an illness. Rather, we work with individuals to rebuild a foundation which will sustain lasting recovery and an improved quality of life.

Fees

No one is refused service due to inability to pay.

Our Services

We provide supportive programming in the areas of individual, group, and family counseling; medication management and education; medical treatment advocacy, skill building; health and wellness, crisis intervention, and self help.

Participants enjoy off site destinations that include the Elmwood Wellness Center and the Center for Self Discovery.

Connections to other community resources are provided as needed.

Who Will Benefit?

We are pleased to offer services to individuals residing at Ransomville Manor who are experiencing mental health problems and are found to have a primary psychiatric diagnosis.

**Treatment makes a difference.
Recovery makes a life!**
